Dear Mr. Brown.

I am very anxious to contact Mr. Hughes Allison, author of "The Trail Of Dr. Beck". I've been informed that you could give me his address, or show him this letter and have him contact me immediately: I have recommended his play to a Negro Little Theatre group in Chicago (where I was stage manager for a year with "Anna Lucasta") and they have chosen it for their fall production. I am leaving New York Sunday, with the touring company of Anna Lucasta, and would greatly appreciate your immediate attention to this matter.

Sincerely yours
Ralf Coleman
